

neylux® ERP Connector (Expense)

Full integration of Concur Expense with your ERP system

The [neylux® ERP Connector \(Expense\)](#) completes the integration between Concur Expense and ERP systems.

As companies have different IT Landscapes and different legal requirements the neylux connector offers to optimize customer processes in the following scenarios:

- ✓ Different kinds of ERP Systems in the IT Landscape
- ✓ FI Posting and HR Posting
- ✓ Sending posting confirmation / payment confirmation to Concur Expense
- ✓ Process Images from Expense entries
- ✓ Create Expense Form from Expenses Data

Post Expenses in your
FI/HR ERP Systems

- ✓ Automated split of Posting data
- ✓ Post to different FI/HR ERP Systems

Change Status in
Concur Expense

- ✓ Change Posting Status / Payment Status in Concur Expense

Archive Images &
Expense Form

The [neylux® ERP Connector \(Expense\)](#) has open interfaces to support ERP Systems like MS Dynamics, SAP B1, DATEV, SAGE and many more. This includes file exchange as well as API Connections. Not only ERP Systems but also country specific Archiving Systems may be connected.
