

neylux® Connector for Concur PRAE Conversion

Automatic conversion of Concur Invoice posting data to the target format of your ERP system

The [neylux® Connector for Concur PRAE Conversion](#) enables conversion of Concur PRAE file (extract with accounting-related data) to custom file formats such as MS Dynamics, SAGE, DATEV, etc.

The first step is to convert the Concur posting records into the format of your financial / payroll accounting system.

The new posting records are then transmitted to your financial accounting or your external tax office – if desired, also with the electronic receipts from the SAP Concur system.

Individual customizations can be set up quickly and efficiently in the neylux Connector.

**Reduced process costs,
reduced effort**

**No manual
conversion**

**Avoidance of
errors**
